

U3A Magic Newsletter

Monthly Newsletter of U3A Magic
Issue No. 1 June 2019

this issue

Just an introduction to
this first newsletter

There is not much happening that I know of around our U3A's apart from in Barnsley, where our Monthly meetings keep us busy during the summer with themed meetings, for our next meeting on 13th June the theme is "Best Card Trick" which of course with Magic covers a vast range of choice, always fascinating the innovative ways the group members choose to baffle each other, but of course extremely good fun.

News from Around U3A's

This is our first newsletter on Magic within the U3A, by way of introduction my name is Mac McKechnie, and I am the U3A Subject adviser for Magic. I also am the Coordinator for Barnsley

U3A Magic Group. My love of Magic started many years ago, and back in the day (1990's) I was a professional entertainer for seven years. I can be contacted about magic at anytime on : mckechnie31@btinternet.com

My aim is to give advice on the subject to anyone, or any U3A who is considering Magic, or starting a

group within a U3A. I look forward to anyone contacting me.
